

A close-up photograph of a VHS tape label. The top half features the word "VHS" in large, bold, black letters. Below it, the tape's title, "M455", is printed in a large, black, sans-serif font. At the bottom, there are two black rectangular boxes, each containing a white letter "D". To the right of the second box is a small circular logo containing the letter "R", indicating an adult rating.

A close-up photograph of a ripe yellow banana against a solid red background. The banana is curved, with its stem pointing towards the top left and its pointed end towards the bottom right. The skin has some natural texture and slight blemishes. In the bottom left corner, there is a small, solid yellow rectangular area.

A vertical decorative element consisting of a series of overlapping, rounded rectangular shapes in yellow and orange, resembling stylized petals or a flame.

**THE  
TEN  
LAW  
OF  
THOUGHT**

The image consists of several overlapping geometric shapes on a solid red background. A large, semi-transparent yellow rectangle is positioned in the upper left quadrant. Above it, a smaller red triangle is partially visible. In the lower right quadrant, there is a large, dark black circle. Below the black circle, a dark gray, elongated shape resembling a stylized 'L' or a brushstroke is oriented vertically. The overall composition is minimalist and abstract.

卷之三

The image shows a vibrant, abstract painting. A large, solid yellow square is positioned in the upper left quadrant. To its right, a red triangle points downwards. In the upper right corner, there is a black circle. The background is a bright orange-red color. The edges of the shapes are slightly blurred, giving the painting a soft, organic feel.

卷之三

The image consists of a solid red rectangular background. In the center-left area, there is a large yellow circle. Inside this yellow circle is a smaller, solid red circle. To the right of the yellow circle, there is a vertical dark red bar that extends from near the top to near the bottom of the frame.

“...Cuatro, the band's fourth album, finally places Flotsam in the big leagues. It's a brilliant album that flows from the beautifully melodic, to the darkly mysterious to the bluntly savage. Powerful stuff.”

— *Circus*

“Now it's only a matter of time before Flotsam And Jetsam ascends to rock Titanhood. From start to finish, Cuatro grabs you and never lets go. It's a raging, crying, slamming, bruising beast of an album, full of crushing, powerhouse riffage ...”

Don't call it thrash, though. Cuatro evokes many moods, from calm, at-mosh-pheric vibes, to stuff that bludgeons with brutal force. It's a compelling, passionate album well worth owning.”

— *Guitar School*

“...the melodies are to the point and memorable, the mix spacious, and the lyrics,...thought-provoking. ...it'll rock you hard...”

— *RIP*

All recordings were made at Stadtgarten concert hall.

The puppet is a member of the traditional Cologne puppet theater *Hännescchen*. Founded in 1802, the Hännescchen Theater is both one of the oldest puppet theaters and one of Cologne's most typical folk institutions. Although it is considered a folk custom today, at that time it was what we nowadays would call an urban sub-cultural phenomenon. "One can also express it in another way: the Hännescchen Theater was for Cologne in the 19th century what jazz is for America in the 20th century. It was not developed in high society ..." (Hugo Barger, farmer General Director of Cologne Museums)

A circular green vinyl record label. In the center is a detailed illustration of an eagle with its wings spread, perched atop a small globe or shield. Below the eagle, the word "RABBIT" is printed in large, bold, sans-serif capital letters. To the right of "RABBIT", the word "BRAND" is printed in a slightly smaller font. Above the eagle, the word "THAILAND" is printed in a decorative, stylized font. # VASSAR CLEMENTS

## IN CONCERT

REG \$11.99

RAMBLIN' 810

RAMBLIN' showcases America's virtuoso fiddler in concert, on his tour bus and in performance at New York's Lone Star Cafe. Vassar Clements is one of the world's greatest fiddle players. His music spans from country to modern jazz to swing to bluegrass. He is at home whether playing a Hank Williams tune or a Miles Davis instrumental. Vassar Clements is a unique cross-over musician.

His career began when he was a teenage protege of bluegrass great Bill Monroe. He was a key musician in the classic Dirt Band album *WILL THE CIRCLE BE UNBROKEN*. He has recorded with The Byrds, Jimmy Buffet, David Bromberg, Gordon Lightfoot, Paul McCartney and The Grateful Dead.

Titles include: *Orange Blossom Special*, *Will The Circle Be Unbroken*, *Handcuffed To A Heartache*, *Down Yonder*, *Silver Eagle*, *Every Song I Hear*, *How Does It Go*, *Move*, *Medley: Willie Horn/Alabama Jubilee/My Window Faces The South/Is It True What They Say About Dixie*, *There'll Be No Teardrops Tonight and Prove To The World*

**"Never To Reveal"**

“...Cuatro, the band's fourth album, finally places Flotsam in the big leagues. It's a brilliant album that flows from the beautifully melodic, to the darkly mysterious to the bluntly savage. Powerful stuff.”

— *Circus*

“Now it's only a matter of time before Flotsam And Jetsam ascends to rock Titanhood. From start to finish, Cuatro grabs you and never lets go. It's a raging, crying, slamming, bruising beast of an album, full of crushing, powerhouse riffage ... Don't call it thrash, though. Cuatro evokes many moods, from calm, at-mosh-pheric vibes, to stuff that bludgeons with brutal force. It's a compelling, passionate album well worth owning.”

— *Guitar School*

“...the melodies are to the point and memorable, the mix spacious, and the lyrics,...thought-provoking. ...it'll rock you hard...”

All recordings were made at Stadtgarten concert hall.

The puppet is a member of the traditional Cologne puppet theater Hönnescchen. Founded in 1802, the Hönnescchen Theater is both one of the oldest puppet theaters and one of Cologne's most typical folk institutions. Although it is considered a folk custom today, at that time it was what we nowadays would call an urban sub-cultural phenomenon. "One can also express it in another way: the Hönnescchen Theater was for Cologne in the 19th century what jazz is for America in the 20th century. It was not developed in high society ..." (Hugo Berger, former General Director of Cologne Museums)
